*"Every one of us has a right to our life. It is not given to us by the Constitution of Ireland or by any law. We have it 'as of right', whether we are wealthy or poor, healthy or sick. All human beings have it. For us as a society to now declare that any category of human being should have that right taken away would be a shocking step. We would effectively be saying that unborn children do not exist or, if they do, they do not count. That is a manifest injustice".*
