MESSAGE OF HIS HOLINESS POPE **FRANCIS** – 1st JANUARY 2019

Bringing peace is central to the mission of Christ's disciples. That peace is offered to all those men and women who long for peace amid the tragedies and violence that mark human history. Peace, in effect, is the fruit of a great project grounded in the mutual responsibility and interdependence of human beings. But it is also a challenge that demands to be taken up ever anew. It entails a conversion of heart and soul; it is both interior and communal; and it has three inseparable aspects:

- peace with oneself, rejecting inflexibility, anger and impatience; in the words of Saint Francis de Sales, showing "a bit of sweetness towards oneself" in order to offer "a bit of sweetness to others";
- peace with others: family members, friends, strangers, the poor and the suffering, being unafraid to encounter them and listen to what they have to say;
- peace with all creation, rediscovering the grandeur of God's gift and our individual and shared responsibility as inhabitants of this world, citizens and builders of the future.
