The Termonmaguirc Historical Society invites everyone to what promises to be a very interesting talk on The Rev. Charles Beresford and Termon House, Carrickmore. The talk, delivered by Diarmuid McGurk, will be packed with a lot of detail about the local Beresford history and how the family connection extended far and wide throughout Ireland. The design, construction, and importance of Termon House is of major significance, as it was designed by one of the country's foremost architects of the time, Francis Johnston. The talk will take place in the Patrician at 8pm on Wed.19th April, an event not to be missed. The society would also ask anyone with additional information on this topic to contact our members.
